

**COMMUNICATIONS COMMITTEE
MINUTES OF APRIL 12, 2007 – 4:00 P.M.**

Attendees: Councilman Nickels, Councilman Conley, City Clerk Stinson
Visitor: Debra Medford, Cable America

City Clerk Stinson reported that she will e-mail the revised contract to both Cable America and Mr. Muxlow for their review.

Cable America Update

Ms. Medford reported that Cable America plans to launch their telephone service in June. They are currently in the testing phase. You will still be able to retain your same telephone number and have all the services that you now have with Embarq. Cost will be \$26.95 per month plus \$5.00 for extra services if you currently have service with Cable America. If you are not a customer, cost will be \$39.95 per month plus \$5.00 for extra services. You will be able to get service from Fidelity as long as Cable America is at your location.

High definition service is going well – have a couple hundred customers. They will be adding more channels in the new future.

They are also starting the remodel of their office and hope to have it finished by June.

Other Business

Committee members requested that we have the Business Manager of the R-VI School District at the next meeting to discuss the Public Access Channel.

Adjournment

The meeting was adjourned at 4:20 P.M.
