Old Business: None

New Business: Councilman Cordry asked if it were possible to have the pictures on the website fade in and out to draw interest on the website. City Administrator asked Deputy Clerk Welch to check on this to find out if it was possible and what the cost would be.

Councilman Conley also asked if the Waynesville Championship sign could be added to the website. He said he would be talking to John Morrissey in the next few days and would ask him about adding the sign and also about the program needed to have the pictures fade in and out on the website. He will also ask John Morrissey to come to the next Communications Committee meeting in February to provide us with information on this type of program.

Councilman Cordry also asked about the directory being added to the website. That is a work in progress. Deputy Clerk Welch will give Mr. Morrissey an up dated list of City business licenses with the understanding he will only list the businesses actually located in Waynesville.

Councilman Cordry also suggested that the Communications Committee only meet on a quarterly basis beginning in February. The Committee could meet at other times if it were necessary. Beginning in February 2008, the Committee will meet in February, May, August and November.

There being no further business to come before the Committee, Chairman Cordry made a motion to adjourn the meeting. A second was made by Councilman Conley and the meeting was adjourned at 4:15 p.m.

The next meeting of the Waynesville Communications Committee is scheduled for Thursday, February 12, 2009, at 4:00 p.m.
